Discipline / field (related sub-disciplines / sub-fields):

Questions related to your book project:

1. What is the target audience? Please narrow down the audience to the niche target groups.
2. Please underscore the personal contribution to advancing the research area. Please indicate in what aspects do you consider your book to be relevant and innovative.
3. What titles would you consider to be in direct competition with this one? Please include author, title, publisher, and publication date.
4. Please add an extended abstract of your book (around 5 pages).
5. How would you characterize your work very concisely (maximum 100 words)?
6. Please let us know if parts of your book project were previously published. Is this book a translation? If yes, please let us know the title of the original publication and the name of the translator.
7. Please indicate 3 scholars (including email addresses) that could evaluate your manuscript.
8. Please indicate if this publication is the result of a research grant.
9. Please fill the declaration on the next page.

Date/signature:

DECLARATION

I, the undersigned, _____, hereby certify that the book entitled _____, submitted for publication to Zeta Books is, in its entirety, an original work of research and scholarship, and that it conforms to the standard academic ethical guidelines accepted worldwide.
